

Amendment nb 1 to Class40 box rule 2009

From January 1st 2010, there will be an amendment to OSR rules 4.26.4 (c) and (e). Size of storm trysail and storm jib will be reduced.

4.26.4 (c)

*a storm trysail which shall be capable of being sheeted independently of the boom with area not greater than **12%** mainsail luff length x mainsail foot length.*

4.26.4 (e)

*a storm jib of area not greater than **3.5%** height of the foretriangle squared, with luff maximum length **50%** height of the foretriangle;*

Class40 box rule will not follow these modifications.
