Grand Prix Guyader 2017 is yours !

It is a unique event, which is constantly renewed while remaining constant.

Constant by its conviviality, by the professionalism of the organization at sea and on the earth, constant by the fidelity of its actors, partners and volunteers.

It is also one of the biggest gathering of sailors from all disciplines.

It is a different cocktail every day for 10 days, combining generations and disciplines, titles and medals, ocean and Olympism, flying and multihulls, world stars, anonymous, "pros" and amateur, party and competition, associations and companies, fishing "no kill" and gastronomy. In short, a whole universe, sport, the sea, Cornouaille and Douarnenez.
