# PRESIDENT'S MESSAGE

Dear sailor,

On behalf of the Nautical Club Riva di Traiano, I am pleased to invite you to the 31st edition of our classic offshore regatta, the Rome per due.

Here at the Nautical Club Riva di Traiano, we simply call it "la Roma," and to tell the story is like taking a journey into Adventure with a capital A, where reality is more fascinating than any fantasy. A long and complex regatta, divided into many categories and with an incredible itinerary that winds its way through the most beautiful volcanic islands in the world. On the docks of Riva di Traiano, offshore sailing has never been an anonymous presence. It has always been a protagonist for the stories, the characters, the humanity, and the incredible competitive levels. For all those who have lived and raced it, on land and at sea, it has been days of hard work, sleepless nights, of waiting and frenzy, of gales and stormy weather, of irrepressible joy and also of great sadness.

This is the Rome. Thirty years have passed; the boats participating today are beautiful and well-prepared, the crews can take advantage of extraordinary technological and computer support, the journey times have been greatly reduced, but the fascination of the regatta, the unpredictable weather and its extraordinary course have remained the same.

**ALESSANDRO FARASSINO**  
*CNRT president*

## 7. CATEGORIES AND CLASSES

### 7.1 Open Category

**“Roma per Uno – Roma per Due – Riva per Uno – Riva per Due”**: The participating boats will be divided into classes based on their overall length (LOA): Monohull will be separated from multihull:

- Class 0 longer than 60 ft (18,29 m)
- Class I from more than 50 ft (15,24 m) to up to 60 ft (18,29m)
- Class II from more than 45 ft (13,72 m) to up to 50 ft (15,24 m)
- Class III from more than 40 ft (12,19 m) to up to 45 ft (13,72 m)

**7.4** Any Class may be set up if there are at least six entries falling within such class. Failing this, boats are admitted to the upper Class.

**7.5** Should entries for Class 0 be below the minimum threshold (even after entries from the lower classes), the boats will anyhow be allowed to participate to the race but they will compete just for the Overall ranking (or for special awards such as the corrected time category or the double-handed, mixed man-woman cup) and not for the class ranking. This shall apply to any class failing to comply with the pre-defined minimum threshold.

### “Riva per Uno – Riva per Due – Riva per Tutti”

## 11. INSPECTIONS

- 11.1** Boats may be inspected before the race starts. Accordingly, they will have to be ready for inspection at the assigned berth by no later than *9 a.m. on Thursday April 11, 2024*. It is mandatory that at least one authorised crewmember is present when the Organising

Committee carries out the inspection. Should the boat be late for inspection, the Organising Committee might decide not to admit it to the race.

- 11.5** Each participating boat will receive an electronic tracking and satellite communications system that will have to be kept on board. The Organising Committee may use the information received from the system for media communication purposes as well as for technical and safety ones. The skipper shall be responsible for the system until it is handed in to the Race Office at the end of the competition. Based on the system's data and taking into account the accuracy guaranteed by the supplier, each individual boat tracking and detection points will also allow to determine whether competitors have been compliant with the obligations associated to the sailing restricted areas.
