## Club Restaurant and Bar

Open all year round, the bar and restaurant offer a wide range of hot and cold food and drinks. The view from the conservatory is in high demand, so book early! A wonderful spot to meet friends, make new ones, and relax after a long day on or off the water. The Beken Room is also available, providing a more intimate space with relaxed lounge seating. Both the first floor bar and restaurant have disabled access by lift. Why not choose to hold your special celebrations with us, or join us for your rallies and regattas.

## Accommodation

The Club's Accommodation House adjacent to the Club provides all year round comfortable modern accommodation at attractive rates. With a capacity for 12 people, there are 6 rooms for single or twin occupancy. All the rooms are named after lighthouses and decorated with a nautical theme. Breakfast is not included but there are several cafes very close by for the breakfast of your choice. Members benefit from reduced room rates and reservations should be made through the Club Office.

## Sonar Fleet

The ISC owns a fleet of 9 professionally maintained, 23ft-long matched International Sonars. They are available for use by members and non members, corporate organisations and other clubs from a day's casual sailing to a fully organised match race series. Our sailing facilities include showers and spacious changing rooms, and the roof terrace, marquees and BBQ areas are additionally available for all your after racing requirements.

## Racing Events

The ISC has highly professional race teams with years of experience and runs a full season of events. Races are run from both committee vessel starting lines and from the Club's roof top race box. We organise the popular Evening Race Series every Tuesday between April and the end of August, which regularly attracts between 60 and 80 boats. Our famous yellow launches service the moorings north of the Floating Bridge. Our race management team is also available to plan and organise regattas, with full hospitality, if required, for non members.

## Round the Island Race

First held by the Club in 1931, the Round the Island Race, currently sponsored by J.P. Morgan Asset Management, is listed amongst the world's largest and most famous yachting races. Recently described as Britain's favourite yacht race it regularly attracts over 1800 competing boats. Spectators line the coast of the Isle of Wight and mainland to watch the spectacle. A "not to be missed day" for families, amateurs and professional sailors. If you only do one race a year this is the one!

## Club Activities

The ISC runs a wide variety of activities throughout the year with active member participation - Cruising Fleet days out, a cycling section, RYA shore based courses, adult sailing for beginners, the famous Brambles Cricket Match and much more. Functions range from black tie formal dinners to family orientated pirate themed BBQs and talks with buffet suppers on winter Tuesday evenings. Have a look at our website for what's on this week. In addition, members can also benefit from discounts on Red Funnel, Red Jet and Wightlink travel.

# An **invitation** to enter the J.P. Morgan Asset Management **Round the Island Race...**

I am delighted to invite you to enter the 2013 J.P. Morgan Asset Management Round the Island Race, which takes place on Saturday 1st June. The first start will be at 0500 and I apologise that it is so early but this start time is necessary, as is the choice of date, to make best use of the tides.

This year the new Racing Rules, which will govern all racing for the next four years from 1st January 2013, have been published. There are no major changes this time round but I encourage you all to make sure you have a copy and make a note of some of the small changes, particularly those in Part 2 (When Boats Meet). Most chandleries will have copies available and you can also order one from the RYA.

In response to competitor feedback, we have tried to make the eligibility requirements for boats entering the Race a little easier this year by altering the layout in that section of the Notice of Race and we hope you will approve of the changes.

Last year, due to the adverse weather conditions, we cancelled the dayboats and small multihulls. Again, in response to your feedback, we hope we have made it clearer which other classes are likely to be cancelled in similar conditions and our policy on not refunding entry fees after a certain date. The Sailing Instructions will also clarify, more clearly, the method of communicating such cancellations.

Your annual post race feedback is very important to us and we appreciate the time given by those of you who complete the questionnaire.

Last year's open forums were very popular and we will be repeating these again this year. Venues and dates will be announced shortly and we look forward to welcoming as many of you as possible to them.

This year, our title sponsor J.P. Morgan Asset Management is encouraging competitors to tweet about the race using the #raceforall hashtag. They are donating 10p to charity for each #raceforall tweet that's made, so if you are a Twitter user, please do join the campaign to raise money.

Although the Island Sailing Club Rating System (ISCRS), with its free and relatively simplistic formula, is the Class with the greatest number of entries, each year we do receive a few grumbles from people regarding their ratings. This year the RORC Rating Office, which runs IRC, has introduced a new system for GBR boats called Limited Validity (LV) IRC TCC and the Race has been granted permission to offer this much cheaper way of obtaining an IRC rating for a single event. Further information and application forms can be found at [www.rorcrating.com](http://www.rorcrating.com). We think this may be of interest to quite a few of you who normally race under ISCRS and of course means that, racing under IRC, you would now be eligible to win the Gold Roman Bowl!

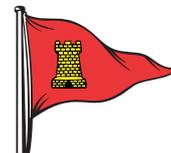

We would like to remind you that it is mandatory for you to provide us with the name and contact details of a shorewatch person who will have an up to date list of the boat's crew. It is really important that this person holds emergency contact details for each crew member so that in the case of an emergency such as an accident or illness during the race their relatives can be contacted quickly.

The Island Sailing Club takes the safety of this Race very seriously and asks you all to play your part in helping us to make it as safe as possible for everyone involved.

I know you will join me in hoping that the weather is kinder to us all this year and I look forward to seeing old friends, and new, on the starting line on the 1st June 2013.

# Notice of Race

## 1 ORGANISATION

- 1.1 The Race will start from the Royal Yacht Squadron line, Cowes on Saturday 1st June 2013. The Organising Authority is the Island Sailing Club.
- 1.2 Boats should be aware that, in adverse weather conditions, their fleet or class may be cancelled.
- 1.3 In the event of the Race, a fleet or a class being cancelled, it will not be re-sailed and entry fees will not be refunded.

## 2 RULES

- 2.1 The Race will be governed by the 'rules' as defined in the Racing Rules of Sailing 2013-2016 (RRS), with Royal Yachting Association (RYA) Prescriptions, together with, as appropriate:
  - The ISAF Offshore Special Regulations for Category 4 (modified)
  - The IRC Rules Parts A, B & C
  - The MOCRA Rating Rule
  - The Island Sailing Club Rating System (ISCRS)
  - The Class Rules for boats entered in a one design class
  - This Notice of Race (NoR)
  - The Sailing Instructions (SIs)

## 3 CHANGES TO THE RACING RULES OF SAILING

- 3.1 RRS 32 is changed in that the Race will not be shortened.
- 3.2 RRS 44 will not apply. Provided that she has not caused injury or serious damage or gained a significant advantage, a boat that has broken RRS 31 or a rule of RRS Part 2 may accept a time penalty of 2% of her elapsed time rounded to the nearest second.
- 3.3 Appendix A 4.2 is changed in that a boat that is OCS will be scored with a time penalty of 5% of the boat's elapsed time rounded to the nearest second unless the Race Committee decides that the boat has gained a significant advantage in the Race, in which case she will be scored as OCS.
- 3.4 A boat that is awarded, or accepts, a time penalty will not be eligible for a Line Honours Trophy.
- 3.5 Random safety inspections will be carried out before and after racing to check compliance with the Notice of Race and Sailing Instructions. A boat that either refuses an inspection or fails to give every reasonable assistance to an authorised inspector may be disqualified without a hearing. This

changes RRS 63.1. The fact that the Race Committee conducts inspections of a boat does not reduce the responsibilities of each competitor set out in this Notice of Race (see NoR 16).

- 3.6 Media interviews, which will not constitute Outside Help (RRS 41), may be undertaken with certain boats whilst racing, provided that they have been authorised beforehand by the Island Sailing Club.
- 3.7 There may be circumstances in which the Island Sailing Club will approve a 'media person' to be on board a boat during the Race or for limited parts of the Race. RRS 47.2 is changed to allow that 'media person' to leave the boat during the Race. Whilst the boat is embarking or disembarking a 'media person', she shall keep well clear of other boats.
- 3.8 Notwithstanding NoR 6.7, a boat may be given approval from the Island Sailing Club to display a different sail number on her genoa or spinnaker, provided that the Club Office has received her request by 12 noon on Wednesday 29th May 2013. This changes RRS 77 and Appendix G. Boats that have not been given prior approval and are in breach of RRS 77 and Appendix G may be disqualified without a hearing. This changes RRS 63.1.
- 3.9 Other changes to the Racing Rules will be detailed in the Sailing Instructions.

Sailing is by its nature an unpredictable sport and therefore inherently involves an element of risk. By taking part in the event, each competitor agrees and acknowledges that:

- a. They are aware of the inherent element of risk involved in the sport and accept responsibility for the exposure of themselves, their crew and their boat to such inherent risk whilst taking part in the event;

- c. They accept responsibility for any injury, damage or loss, to the extent caused by their own actions or omissions;
- d. Their boat is in good order, equipped to sail in the event and they are fit to participate;

- e. The provision of a race management team, patrol boats and other officials and volunteers by the event organiser does not relieve them of their own responsibilities;
- f. The provision of patrol boat cover is limited to such assistance, particularly in extreme weather conditions, as can be practically provided in the circumstances;
- g. They are responsible for ensuring that their boat is equipped and seaworthy so as to be able to face extremes of weather; that there is a crew sufficient in number, experience and fitness to withstand such weather; and that the safety equipment is properly maintained, stowed and in date and is familiar to the crew; and
- h. Their boat is adequately insured, with cover of at least £2,000,000 sterling against third party claims.

## REMINDERS

### STARTING SEQUENCE

Details of the starting sequence will be announced in early May, approximately four weeks before the race. The list of Class ID flags which you need to provide for your boat can be found in the table on page 7. The colour fleet flags will be sent with the Sailing Instructions as usual.

### RACE FORUMS

The Island Sailing Club plans to hold several open forum sessions in the spring to give competitors the chance to learn more about Race. The content will be carefully tailored to be relevant to anyone doing the Race and will be especially useful to anyone entering the Race for the first time. Dates and locations for the forums will be announced in January 2013.

The Ellen MacArthur Cancer Trust takes young people recovering from cancer sailing in order to help rebuild their confidence.

In the last two years, as the sole official charity, the J.P. Morgan Asset Management Round the Island Race has enabled us to work with over 200 young people recovering from cancer by raising over £100,000. In addition to this, we have also had 53 young people take part in this amazing race. None of this could have been possible without your support.

This year, we are planning more fun and innovative ways that you and your crews can show your support. Please email [getinvolved@emcancertrust.org](mailto:getinvolved@emcancertrust.org) or call 01983 297750 for more information.

For every #raceforall tweet, J.P. Morgan will donate 10p to the Ellen MacArthur Cancer Trust. Help reach the target of £3,000 and win prizes along the way.

"I felt so happy, excited and thrilled that we had finished the race! It was such an amazing achievement and it's a feeling I will never forget!" Ellie, 16, Treated at Addenbrookes Hospital, Cambridge
