

INTERNAL REGULATIONS

OF INTERNATIONAL ASSOCIATION OF CLASS 40 FOOT MONOHULLS

(Approved at the Annual General Meeting on January 30th, 2016)

I- SUBSCRIPTIONS

The Association is based on subscriptions.

A boat whose owner has not paid its subscription, or a skipper who is not a member of the Association, cannot participate in a competition on the Class40 circuit.

Only members of Class40 who are up to date with their subscription will receive the information published by the latter: class measurement documents, letters, newsletters, etc...

For double-handed or fully-crewed races over 800 miles long, the skipper and co-skipper must be members of the Association.

Where a boat is sold and the secretary of the Class40 has been made aware of this prior to the annual Ordinary General Meeting, the active member title is transferred to the new owner if s/he is already a member of the Association.

Buying a Class40 boat does not guarantee acceptance as a Class40 member. Becoming a member of the Class40 prior to purchasing a boat is recommended.

In conformity with the Constitution of the Class40, a member does not have the right to vote at the Ordinary General Meetings or Extraordinary General Meetings if s/he has not been a member for over 6 months.

II- CLASS RULES

A boat without a Class40 certificate approved by the Technical Committee, for whatever reason, shall not compete in a race as a Class40, even if this race is not included in the official Class40 race calendar.

Compliance with this rule shall be in accordance with Rule 78 of the World Sailing RRS. The skipper at fault could be excluded from Class40.

The measurement certificate must be obtained two full weeks prior to the start of racing. Dispensation may only be granted for reasons of *force majeure*, accepted by the Technical Committee. (See Appendix to Class Rules 1.5)

To ensure the long-term future of Class40:

- Race organisations must comply with the Class40 Constitution, Rules and Regulations;
- There must be a consistent programme of races for Class40, discussed and agreed by the Class40 Race and Events Committee.

Race organisations shall therefore:

- Include in the Notice of Race their commitment on this matter;
- Submit the Notice of Race to the Class40 Events Committee for validation;
- Have a separate class for Class40s, as long as there are at least 5 entries.

Members of the Association wishing to have a proposed race validated must inform the organiser that the latter needs to contact the Class40 secretariat.

Only races validated by the Class40 Race and Events Committee are allowed to advertise a “Class40” class and ranking.

The Class40 Association may take action, including legal action, against any race organisation which fails to comply with this clause. It is the duty of the members of the Association to ensure that race organisations comply with this requirement.

III – THE EXECUTIVE COMMITTEE

WORK OF THE EXECUTIVE COMMITTEE

The Executive Committee is invested with the most powers to act on behalf of the Association and take or authorise all acts and process the association is authorised to do, and which are not subject to the approval of the Ordinary General Meeting or the Extraordinary General Meeting.

The Executive Committee meets following written notice from the President, or at the request of at least half of its members. The frequency of these meetings will vary and will be a minimum of three times a year.

Attendance by at least half of the members is necessary for the Executive Committee to deliberate legitimately.

Decisions will be taken by the majority of the members present in person. In case of equal votes, the President’s vote is predominant. Proxies are not allowed.

For minor or emergency matters, the vote of the Executive Committee can be collected by phone, fax or email. The decisions taken thereof are binding. These opinions will be stated in minutes and must be recorded in the report of the following Executive Committee meeting.

Any member of the Executive Committee absent from two meetings where there is a vote, without a valid reason, might be excluded, and will not be allowed to stand as a candidate at the next election. The purpose of this rule is to fill the post as quickly as possible.

When a member of the Executive Committee resigns before the end of his/her office, for whatever reason, his/her replacement shall be co-opted by the current Executive Committee.
